CABARRUS COLLEGE OF HEALTH SCIENCES

NorthEast Medical Center Concord, NC

Mrs. Beth Mabrey graduated from Cabarrus Memorial Hospital School of Nursing in 1962. After graduation, she practiced at Presbyterian Hospital for three years. She returned to our School of Nursing in 1965 as an instructor and has taught here ever since. She always greets students with a smile and remains a faithful member of the school's alumni association. She is at all college events and is always an active participant. CCHS and all of the schools before it are very lucky to have Beth Mabrey as a part of their team.

COMMUNITY SERVICE

At Cabarrus College of Health Sciences, community service is very important. In order to graduate, degreeseeking students must complete thirty hours and diploma-seeking students must complete fifteen hours of community service during the time they attend. Many students go over the number of required hours because of the personal satisfaction gained from volunteering.

WE SERVE TOGETHER

Students at CCHS are active with many events in the community. We volunteer our time at hospital sponsored events such as the Women's Symposium. In the community, we worked with Habitat for Humanity, served

at CVAN and the Checkered Ball, walked for March of Dimes, Juvenile Diabetes, and Relay for Life to help our own Christi Berger. This is the first year for Adopt-a-Highway.

Students gathered by the picnic tables on April 21, 1999. We mourned the Columbine High School massacre. Standing in a circle, we held hands, prayed, and cried together for the lives lost, the families that survived and our own personal loss because school is no longer safe. Hopefully healing began that day for us, as life continues, and we ask, "Why?"

WHO SAYS WE DON'T HAVE FUN?

At CCHS we have many opportunities to have fun outside of the classroom. During the year different student organizations serve food in the canteen in order to raise money. This gives students the chance to get together in a fun way. Several times this year the Student Services Committee has held picnics. They have been catered sandwiches or grilled hamburgers and hot dogs. We

played volleyball, basketball, listened to music, and visited with Our friends. This year we had a softball team at our College for the first time. We were sponsored by CiCi's Pizza. We lost all of our games, but the team's spirit never faltered. Due to the fact that academics is our forte, finding players was difficult. This may be the only softball team we ever have, but its memory will live on.

BABIES, BABIES, AND MORE BABIES

Just imagine going to school full time and then having a baby. These six Moms did it! Not only did they go to school and go to clinical, they were up for 2am feedings. Their success should be highly commended, because what they went through is more than most of us can imagine.

dents the opportunity to see instructors in a different light. We were also able to meet each other's significant other and have fun in a very relaxed atmosphere. What a fun night we had!

THE BIG DAY

Graduation exercises were held on June 8, 1999 at 7:00 p.m. in the First Baptist Church in Concord. This is the day we have worked for. Many of us came to CCHS not knowing what to expect, and get a huge awakening that first week of school. We quickly learned that doing hours of clinical and class prep was normal and when we thought we knew

something well, it was never enough. We grew into healthcare professionals. We are people who care about other people, and are about to dedicate our lives to helping those in need. Our class has been challenged in many ways. Last year, our class lost a fellow student, Michelle Hart; she could have been here with us tonight.

Center right: Chad Troxler, Farrah Helms, and Doris Sanders gets ready for the main event. Above: Darla Eagle puts on the final touches.

GRADUATION DAY, 1999

We are also the first class to wear caps and gowns. The decision was very controversial among students; however, everyone looked very nice. The nursing graduates wore apricot tassels, the diploma allied health graduates wore black tassels, and the associate degree allied health graduates were green tassels. As we gathered together as a class this one last time we had feelings of joy, relief and anticipation. We all must still take state boards before we are official. Good-bye Class of 1999 and good luck to you all.
